Safety Warnings

IMPORTANT SAFETY INSTRUCTIONS

1. Read these instructions.
2. Keep these instructions for future reference.
3. Heed all warnings.
4. Follow all instructions.
5. Clean only with a dry cloth.
6. Install in accordance with these instructions.
7. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus that produce heat.
8. Only use attachments/accessories specified by Channel Vision.
9. Unplug this apparatus during lightning storms or when unused for long periods of time.
10. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the inside of the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
11. Inside of apparatus shall not be exposed to dripping or splashing and objects filled with liquids.

Introduction

Thank you for purchasing Channel Vision's A0602 on wall dock. Please take the time to read over these instructions to ensure proper installation and usage.

Features

- Securely mount your iPad on the wall - either portrait or landscape
- iPad is always charged and ready to go - charges when mounted (cable not included)
- Quickly remove your iPad - hinged cover and spring loaded grips allows easy access

Box Contents

Power Plate

Items Included:

- (1) Dock
- (1) Power plate
- (1) 15vDC 800mA power supply
- (6) Mounting screws
- (1) Picture backing

Tools & Accessories

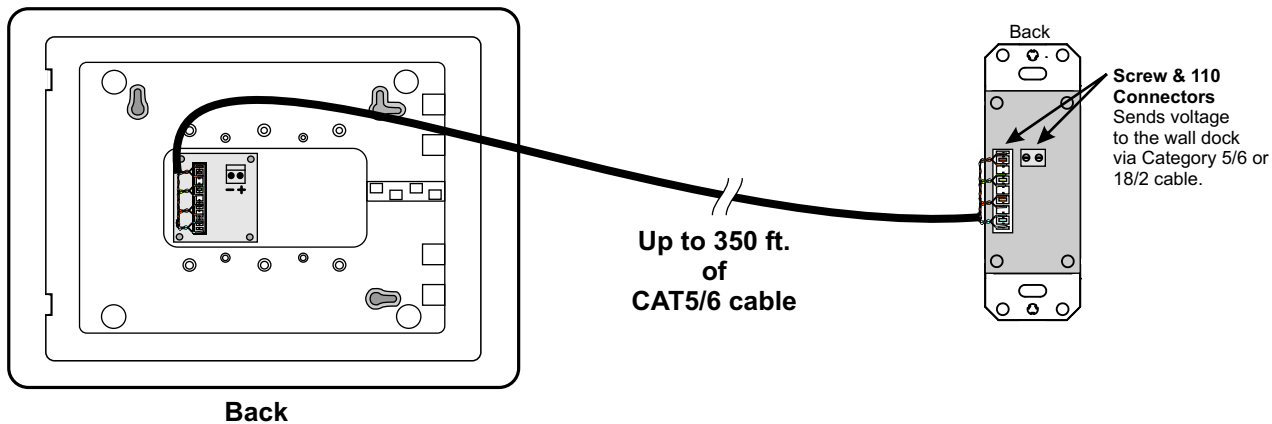

Required (Not included):

- (1) USB to iPad® charging cable
- (1) Punch down tool
- (1) Wire stripper
- (1) Small flathead screwdriver
- (1) iPad® 2nd or 3rd generation
- (1) 3 Gang backbox (see page 4)
- (1) 1 Gang backbox
- (1) CAT5 wire or 18/2 wire

Installation

Note:

Example below illustrates using CAT5 cable.
18/2 wire can be used instead of CAT type cable.

Troubleshooting

Problem	Possible Cause	Solution
Not charging	Power supply is disconnected or damaged	Check power supply (15vDC at dock)
	Power supply voltage is too low	Verify distance of 350' or less
	Faulty cable connections Battery drained, turn of iPad and plug into dock, let charge for 30 minutes before turning iPad on	Check with cable tester or verify cable (18/2 or CAT5/6) Match color code of wires on both sides of cable. Set up both items on a bench with a test cable to check functionality.

Specifications

Operating Voltage: 15vDC 800mA
 CAT5/6 Distance : 350' 8 conductor
 18/2 Distance: 350' 2 conductor
 Dock box required: 3 gang box; 0TW2-34; Southwire Romex box recommended, not compatible with Arlington brand boxes
 Breakout box required: 1 gang (standard)
 Charging Voltage: 5.10vDC +/- 0.3V

1 Year Limited Warranty

Channel Vision Technology will repair or replace any defect in material or workmanship which occurs during normal use of this product with new or rebuilt parts, free of charge in the USA, for one year from the date of original purchase. This is a no hassle warranty with no mail in warranty card needed. This warranty does not cover damages in shipment, failures caused by other products not supplied by Channel Vision Technology, or failures due to accident, misuse, abuse, or alteration of the equipment. This warranty is extended only to the original purchaser when purchased through an authorized reseller. A purchase receipt, invoice, or other proof of original purchase date will be required before warranty repairs are provided.

Mail in service can be obtained during the warranty period by calling (800) 840-0288 toll free. A Return Authorization number must be obtained in advance and can be marked on the outside of the shipping carton.

This warranty gives you specific legal rights and you may have other rights (which vary from state to state). If a problem with this product develops during or after the warranty period, please contact Channel Vision Technology, your dealer or any factory-authorized service center.

Channel Vision products are not intended for use in medical, lifesaving, life sustaining or critical environment applications. Channel Vision customers using or selling Channel Vision products for use in such applications do so at their own risk and agree to fully indemnify Channel Vision for any damages resulting from such improper use or sale.

FC Tested To Comply
With FCC Standards

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. iPad is a trademark of Apple Inc., registered in the U.S. and other countries.
